Certification Statement of Accuracy in Translation

Translation of Certificate from German to English

LinguaVox, as a professional translation agency, does hereby state that the translation of the document as indicated above has been performed by experienced translators who are qualified professionals with expertise in the related subject matters. LinguaVox has evaluated the document in both the source and target languages and has determined that the content and meaning of the translation accurately reflects the source document and is therefore, a true and correct translation.

This statement of certification of accuracy pertains only to the translation. LinguaVox assumes no responsibility over the veracity of the original document or documents nor does it accept any responsibility concerning how the translation is used by the client or by any other person or third party.

Translation attached to this statement.

Francisco Fernández, CEO
